

HERITAGE WINES

2023 Barossa Shiraz

This Shiraz was made from 100% Shiraz grown on low yielding vineyard at Marananga, renowned for producing quality Shiraz grapes.

The colour is dark and dense as you would expect from these low yielding vines.

The nose shows typical Shiraz character with some American oak in the background after resting in new and older barriques for 13 months.

The palate is full bodied with soft tannin structure, careful ageing for up to 10 years will further enhance this wine.

Already drinking beautifully, this wine will reward with further cellaring & is ideally suited to roast lamb, rare rump steak.
