

RIVER RETREAT

The wetlands of the Murray Darling Region are integral to maintaining the health of the unique, yet fragile ecosystems of South Eastern Inland Australia. Trentham Estate's 'River Retreat' range of wines is based on an initiative dedicated to raising awareness of these wetlands.

Each purchase of the River Retreat label results in a donation to the Murray Darling Wetlands Working Group Ltd.

2025 SAUVIGNON BLANC

Winemaking

The grapes were picked during the early hours then de-stemmed and transferred to the press. Free run juice and a portion of pressings were clarified then racked to ferment. The ferment was carried out with selected yeast to enhance the Sauvignon Blanc varietal characters. Long and cool fermentation to lock in aromatics. Post fermentation, the wine was stabilised, clarified and bottled.

The Wine

Light pale straw colour with lovely aromas of lychee and passionfruit, plus a citrus component and a little fresh cut grass. The palate is finely balanced with racy acidity and attractive fruit flavours. Finished with balance and length.

With Food

Delicious with fresh seafood or a chicken salad. Also a great match with spicy Asian chicken or seafood dishes.
