

## 2022 Terra Mãe

*Bright & elegant*

Red berries and black plum supported by fine, lingering tannins.

---

**750ml | 13.5% alc/vol | TA: 7.17 | pH: 3.5 | Vegan: Yes**

*The hallmark of the 2022 vintage is fine, delicate tannins, supported in this blend by bright red berry and black plum notes that follows through to a long, elegant finish.*

*48% Tinta Roriz, 31% Tinto Cão, and 21% Tinta Barroca were picked, fermented and aged separately before being expertly blended to showcase the nuances of the particular vintage. Aged in older, large format French oak barrels for 12 months, this is a fresh and lively blend meant to be enjoyed young (up to 5 years)*

*Food pairing: This is a food friendly style well matched to grilled and roast meats. Try it with some good quality pork sausages.*

*Winemaking Notes: At Stanton & Killeen, we like our wines to genuinely reflect our heritage, our site, our sustainability philosophy, and the season in which they were made. Terra Mãe means “motherland” in Portuguese – the wine represents the sun and the soil here at our Rutherglen property and the energy and the passion that our team pours into creating it.*

*The story of this wine is all about our commitment to the integrity of releasing wine reflective of our site and each vintage. Every growing year and vintage is different - and as such, each time we release the Terra Mãe, you might notice subtle changes to the label such as new patterns or colours.*

*The 2022 label shows is a testament to nature’s trials and triumphs. It tells the story of a year marked by La Niña cool weather and flooding rains, stormy skies and rich healthy soils. From the 2022 vintage emerged a wine of unparalleled quality. In the face of adversity, our vineyards produced a gorgeous wine that embodies true Rutherglen resilience and character.*
